(Culminating Experience)

Culminating Experience: Standard and modified majors must satisfy the *culminating experience* requirement by successfully completing any one of the following three options: *Senior Independent Study Project* (Sociology 90), *The Sociological Imagination* (Sociology 91), or *Honors Thesis* (Sociology 98). Because only one term of Sociology 98 counts as one of the seven additional courses numbered 10 or higher that are required for completion of the major, taking a second term of Sociology 98 means that Honor students will typically take an extra course credit in Sociology.
